Independent living with 24-hour care

Living life on your terms

At Elm View, independent living is balanced with 24-hour care, ensuring you have the freedom to enjoy life on your own terms. Your private, en-suite room comes complete with a flat-screen television and internet access and is fully furnished with items from our carefully selected range.

Dedicated to care, driven by compassion

Moving into a care home doesn't mean having to change your life. It just means that if you need help, you have it close to hand. We are here to encourage and enable you to continue to do all of the things that you've always enjoyed doing, providing support whenever it's needed.

Care in action

At Elm View, our dedicated staff work closely with you and your family to support your health and wellbeing. We carefully select staff for whom care is not just a job, but a true vocation. Each team member receives first class training, which is continuously updated throughout their career with Quantum Care. Our expert care is built on a resident-centred approach, ensuring that every individual's needs and preferences are at the heart of everything we do.

Friendships and wellbeing

Connecting lives, creating moments

If you're looking to spend time with others, the home features a wide range of social areas which help to nurture a real sense of community within the home.

The heart of the home is the charming Reading Room Café, inspired by Bishop's Stortford's rich literary heritage. It's a delightful space where you can connect with others, enjoy a chat, or simply enjoy relaxing in a comfortable and welcoming environment.

Keeping family bonds strong

We understand that maintaining relationships is vital so your family and friends are welcome to visit you whenever you wish. We can also help you to keep in touch via video calls. When friends and family come to visit, there are plenty of places within the home to sit and chat over a cup of tea or coffee and some treats.

“At Elm View, all of the things that are important to you matter to us too. Together, we can make sure that you continue to live life the way you want to live it.”
