Melwood Grange

Independent living with 24-hour care

Living life on your terms

Moving into a care home doesn't mean having to change your life. It just means that if you need help, you have it close to hand. We are here to encourage and enable you to continue to do all of the things that you've always enjoyed doing, providing support whenever it's needed.

Care in action

At Melwood Grange, our dedicated staff work closely with you and your family to support your health and wellbeing. We select staff for whom care is not just a job, but a true vocation. Each team member receives first class training, which is continuously updated throughout their career with us. Our expert care is built on a resident-centred approach, ensuring that every resident is at the heart of everything we do.

The perfect place to be

Our private rooms are designed to offer exceptional comfort and convenience. Each boasts beautifully finished en-suite facilities, a flat screen television, furniture from our carefully selected range and complimentary Wi-Fi which is also available throughout the home.

Friendships and wellbeing

Connecting lives, creating moments

The heart of our home is the inviting café. It's a delightful space where you can connect with others, enjoy a chat, socialise with family and friends or simply enjoy relaxing in a comfortable and welcoming environment.

Melwood Grange's beautifully tiered landscaped gardens push innovative garden design to its limits, providing residents with direct garden access from all three floors of the home. It's the perfect place to spend time with others during the warmer months.

Keeping family bonds strong

We understand that maintaining relationships is vital, so your family and friends are welcome to visit you whenever you like. We can also help you to keep in touch via video calls. When friends and family come to visit, there are plenty of places within the home to sit and chat over a cup of tea or coffee and some treats.

“At Melwood Grange, all of the things that are important to you matter to us too. Together, we can make sure that you continue to live life the way you want to live it.”
